\*= This is not typically a service provided by this provider type; however, provider may render the service if certification, training, and educational requirements are met

**Footnotes**

1. Please see fee schedule for more specific requirements for modifiers, etc.; list above does not include add-on codes. This grid is intended to reflect what individual services can be provided. Please see the Provider Manual for requirements of programs.
2. Fields with \* indicate providers may render these other services only if they meet the licensure and training requirements.
3. Per IDAPA, Human Services Field. A diverse field that is focused on improving the quality of life for participants. Areas of academic study include, but are not limited to, sociology, special education, counseling, and psychology or other areas of academic study as referenced in the Medicaid Provider Handbook.
4. When a substance use concern is identified during the assessment process, the provider must include the six ASAM dimensions in the CDA. (Please refer to CDA section of the Provider Manual for additional information).
5. Behavioral Modification: All providers of this service must be contracted through Optum national ABA, as there are different requirements by Optum & industry standard. Please note: only BCBA or Licensed BH Clinicians with 6 months training in the treatment of Applied Behavior Analysis are loaded in our systems and can submit claims. BCaBAs and RBTs may render services under the supervision of a BCBA or Licensed BH Clinician with 6 months training in Applied Behavior Analysis and submit claims in the supervising clinician's name and listing the applicable modifier.
6. SUD providers must demonstrate evidence of training in the ASAM criteria multidimensional assessment process and level of care placement decision making.
7. Please refer to Provider Manual for information on staff qualified to enter CANS into the ICANS platform.
8. Functional Assessment Tool: by a provider who is certified/licensed to administer the specific assessment tool per the developer of that tool.
9. Must have the current Infant Mental Health endorsement (IMHE<sup>®</sup>) in infant and toddler behavioral health care from the Idaho Association for Infant Mental Health (<https://www.aimearlyidaho.org/>), or who have received the training hours required to sit for this examination, and who are qualified to diagnose as part of their clinical licensure.
10. Providers qualified to provide Skills Building/CBRS and independently licensed or master's level clinicians under supervisory protocol (see Skills Building/CBRS provider qualifications).
11. Bachelor's degree can render if offering family psychoeducation accompanied by independently licensed clinician or individual with master's degree.
