

PROVIDER ALERT

Fee Schedule Update

April 1, 2019

Dear Provider,

Please see the attached Fee Schedule which becomes effective April 1, 2019. This fee schedule implements the changes that were announced via provider alert on February 4, 2019 and March 1, 2019.

- **H2011 – Crisis Intervention:** The rate for in-person crisis intervention has been increased across all license levels. In addition, new modifiers were added to allow providers working under supervisory protocol in group agencies to bill for the service. Up to two providers can offer face-to-face Crisis Intervention and bill for the time to de-escalate a member in crisis. Any Bachelor's level professional responding to a crisis must be CPI trained and certified.
- **H0030 – Crisis Response:** The rate for telephonic crisis response has been increased across all license levels. In addition, a modifier (HN) was added to permit Bachelor's level providers to bill for this service.

Please note that 90882 – Case Consultation has been removed from the fee schedule. As described in the March 1, 2019 Provider Alert, upon review of the State Plan Amendment which included this service, the Centers for Medicare and Medicaid Services (CMS) provided guidance to Idaho Medicaid that Case Consultation (90882) is not approved and must be removed from the State Plan.

For details on the removal of this service, please consult the March 1, 2019 Provider Alert titled "Case Consultation" at optumidaho.com > For Network providers > Alerts and Announcements > 2019 Provider Alerts
